

17th ANNUAL ASTRONOMY at the Beach

Friday and Saturday, September 27th and 28th, 2013 at Maple Beach, inside Kensington Metropark, from 6 pm – midnight (rain or shine)

Dean Regas

TOUR OF THE UNIVERSE: YOU ARE HERE

Rocket through space and sail among billions of stars and galaxies. Utilizing some amazing simulation software Dean Regas guides you through the mind-boggling scale of the universe. Along the way you'll stop at the Moon and individual planets. Then you'll make the jump to light speed and head to interstellar space and see all the galaxies in the universe. Don't worry, he'll have you back home in time for dinner.

Lecture at 9 pm. For more information call the Kensington Nature Center at 810-227-8917, or visit the GLAAC website at: www.glaac.org/kensington

Dean Regas is one of the hosts for the PBS TV Show "Star Gazers."
