

16th Annual Astronomy at the Beach

Friday and Saturday, **September 21st and 22nd** at Maple Beach, inside Kensington Metropark, from 6 p.m. - midnight (rain or shine)

Andrew J. Feustel, Ph.D.
NASA Astronaut speaks about the Space Shuttle Endeavour's final mission, the Hubble Telescope, the International Space Station, the new Orion and Dragon Spacecraft, and the future of manned space flight.

DIRECTIONS:

To get to Kensington Metropark, take I-96 to exit 151 (Kensington Road). Then follow the signs to Maple Beach. \$5 Vehicle Entry Permit required to enter Park. Event is Free!

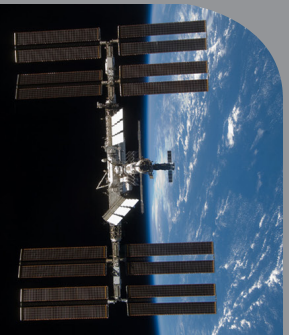

ACTIVITIES:

Learn about astronomy first hand:

- View dozens of exciting objects through our telescopes & binoculars.
- Children's scavenger hunt with prizes, & visiting the Starlab Planetarium.
- Fun & informative talks.
- Astronomy sales & displays.
- Tour the constellations.
- Plus much more! (food & beverages available for purchase)

Hubble, Space Station and Beyond
